Quizzes

Print-Based Materials

Audio

Video

Slides

Ready-to-Publish SCORM-Compliant E-learning Courses

Testimonials

“BURG was approached because of the need for an efficient, prompt, and reliable translation and related service. They delivered and went beyond every expectation we had. They made the process seamless, efficient, and are invaluable when a deliverable is needed urgently. They are a pleasure to work with, are always accommodating, and will take the time to address any issue or concern we may have. By doing what they do best, they help streamline our own operations.”

Medical Safety Monitor, WW Safety and Surveillance

“ [Redacted] have been in partnership with BURG since 1990 to meet our translation needs in the highly scrutinized world of global complaint handling. BURG has consistently demonstrated their ability to provide the highest quality translations across a multitude of languages, within the aggressive timelines that our process requires. BURG's translation accuracy is unmatched among other vendors we've evaluated. The compliance of our entire process relies on the accuracy of our translations, and we trust our partners at BURG to meet our high standards. ”

“ We have been extremely satisfied with BURG’s service and product. You have been amazing to work with and the quality of the translations, plus your turn around times have helped us to meet a number of critical data locks over the past 8 years. ”

Associate Director, WW Safety and Surveillance

“Latin America and Canada (LAC) have utilized and experienced BURG Translations for many years. Our translations needs and demands are varied and very HIGH. With BURG, we never worried they would get this right. Not only is the quality of their work impressive, but the speed at which they completed their projects was (still is) second to no one. We have worked with two other approved (MSA) vendors for translations this year. Both similarly priced to BURG, yet neither vendor has matched the Quality and Turn Around Time of BURG Translations.”

Senior Director, LAC Commercial Operations
